Rosin .-- For the finer grades the market continues to rule inactive, buyers showing no disposition to operate, and our quotations in table must be looked upon as merely nominal. On Saturday a small lot of Pale went at \$3 25; and on Monday 800 bbls. of inferior No. 1 sold at \$1 172 per bbl., and Tuesday 1,600 do. low No. 1 at \$1 271 per 310 lbs.;-these comprise the only transactions so far as we can learn. For No. 2 the market has also ruled inactive, and prices rule about the same as Common; receipts light, but in the absence of sales the stock is accumulating. For Common there has been a moderate demand throughout the week, and having continued its use till within the last three weeks, and the market rules firm; owing to the material difference in the views of buyers and sellers, however, the transactions

COFFEE—The market is only moderately supplied, and rules firm for all descriptions; there is, however, merely a re all business doing at prices quoted in our table.

CORN MEAL—Is in fair enquiry for retailing purposes, and scarcely any arriving from the country. The stock on market is light, and we quote at 95 cents to \$1 per bushel, according to quantity.

DRIED FRUIT—Has been brought to market sparingly for some time past, and at present there is a moderate demand; —little or none offering, and in consequence we have no sales to report.
